Quality Bread

All the experts are agreed that bread containing John Bull Malt Flour is superior to all other bread.

The Lancet, London, England, says: "The flavor is of special excellence, somewhat sweet resembling in this respect malt."

Sh. Chas. C. Cameron, M.D., etc.: "It is well flavored, nutritious and easily digested. I have determined to have it on my own table."

T. Poyntz Wright: "It is a bread which a dyspeptic or a young child can easily digest."

J. Morley Chadwick Esq., L.R.C.P., London, M.R.C.S. (Eng.): "In consumption and in those cases where the patient associates from mal-assimilation it is of the greatest value."

Barber's Bread is made with John Bull Malt Flour and costs no more than ordinary bread. Get yours today and enjoy life while you can.

SOME FOOTWORK

(Cor. Lethbridge Herald)

Clareholm, April 21.—Probably the greatest sporting event that has been pulled off in Clareholm for many moons was staged last evening before the Palace Club fans at the Palace Club on Third Avenue, "Oregon Dick" of Willow Creek, was matched against "44 George" of Clareholm. Both these gentlemen were well up in their legs, they put up an exhibition for three rounds that would make some of the best of their kind here green with envy. The bout was staged under the Marquis of Queensberry rules with D. B. Van as third man in the ring. The parties behind Oregon were Hank Sharpley, Joe Lalute and a dog as a mascot. In George's corner were, mentioned Dick Moore, Hope Oliver and the Gallop. The going seemed, the lights flared up and the bout was on.

First Round.—Both men left their stools like a rocket and the referee asked them to shake hands, a request that was appreciated by the fans but flatly refused by the scrappers. George led with a wicked left which fell short a mile. The balance of the round was stalling by both men but the excellent footwork of "Oregon" was applauded by the crowd. At the sound of the bell both men were in their corners in a few seconds.

Second Round.—Both men came to the center at the top of the bell and appeared to be a little groggier, the first round apparently telling on them. The referee warned them several times as to clinches but he might just as well have been quiet. Several blows were exchanged but none were serious. "Oregon" made several rounds of the ring sizing his man up but he could not get into communication with him. At the sound of the bell the referee was going around the ring at a 240 clip with "44" close second and "Oregon" coming up fast. After several efforts of the timekeeper the principals were got to their corners.

Third and Last Round.—The referee talked to the boys like a dutch uncle. He told them that on account of his wife and family that he would not act as referee but on the outside of the rope. He asked the crowd to keep from smoking and also not to start any rough house work, as this was the last round and the members of the club was at stake, and as this was the first bout A. D. 1920, they were held under their management. Both men came to the center of the ring somewhat fresh on account of the long rest, waiting for Van, the referee, to close his little close eye time and "44" George caught him a good one on the jaw but at this time both were in their best and a little tap was not here or there. When the round was coming to a close "Oregon" stopped stock still and sized his man up with one vicious swing he expected to put his man to the hay. "Oregon" looked very much peeved. They were scrap-

pling now at close range and "44" unhooking a dandy caught "Oregon" on the point of the jaw and he went to the canvas for the count. The crowd dispersed very much pleased with the exhibition of the manly art of self defense and they hope to stage another one in the near future.

Notes

The time keeper got rattled in making the count in the third round and started counting 24-68 when he got past with a peanut and he had to count over, but the way "Oregon" went to the canvas he could have counted 100.

The members of the club were pleased to see the Granum and Staveley fans at the ringside.

Dr. Brewster was on hand and he used one pint of Absorbine Jr. in getting "Oregon Dick" back to Clareholm.

Every fan that attended the bout was glad to see the principals shaking hands next morning.

Brandram's Genuine BB WHITE LEAD

THEY used it for the stage-coach of olden days in England—we use it in Canada today. Compare it with any other white lead or white paint, and you will decide that your house—or anything you wish to have truly white and remain white—must be painted with this brand which has survived as the leading white lead for nearly two centuries.

Thinned with linseed oil and turpentine, it makes a perfect white paint. Combined with coloring matter, it makes the satisfactory tinted paint of any shade. It is the basis for that finest of ready-mixed paint, B-H "English" Paint.

Made in a modern Canadian factory, and by the same process as was employed for its manufacture by its inventor in England, it is today the only survivor of all the patented white lead processes of that earlier generation. It has survived because it results in a white lead of exceptional fineness, whiteness and durability.

With a hardly suppressed cry she started from her seat, forgetting all the audience, of all the world. Again she heard the phantom melody, and the artist at the piano was the man she loved. See Monroe Salisbury in "The Phantom Melody" at the Rex next Friday and Saturday.

Died—On Friday, April 23, at Macleod Hospital, Mr. James Robbie of Claresholm. He was buried in Claresholm on Sunday last. Mr. Robbie was one of the oldest settlers in the district, having settled here over thirty years ago. He has no relatives living in the district. He was 62 years of age.

She couldn't tell the false from the true and she guessed wrong. Rather than spoil her happiness he let her think that his melody was composed by his dissolute brother. Years after she heard him play the melody and learned of his sacrifice. See Monroe Salisbury in "The Phantom Melody" at the Rex next Friday and Saturday.

A well crowded hall greeted the young folks at the annual school festival on Thursday afternoon and evening. All the performers did credit to themselves and to their teachers, and the enthusiastic applause of the audience showed how well the entertainment was appreciated. In our next issue we expect to publish a list of the successful competitors and prize winners.

On Tuesday Harry Mosley and with him Bert Mosley's little daughter, started out of the U. F. A. yards on top of a load of baled hay. The front wheels of the wagon dropped into a bad chuck hole, dislodging the bale on which they were sitting and both were thrown off the load. The little girl was thrown in front of one wheel and it passed over her. She was badly bruised but miraculously escaped fatal injury. The fact that the wheels dropped into the hole in such a way as to throw much of the weight of the heavy load onto the opposite wheel was all that saved her.

The sacrament of the Lord's Supper will be administered on Sunday morning May 5th, in the Methodist church.

W. Ricks of Olds spent a few days in town this week. He reports two feet of snow in the Olds district, but appears happy over the prospects for the coming summer.

The "Old Fashioned Girls" who were to have been here on Friday, got stuck in the mud between here and Barons and failed to make the appointment. Consequently the performance has been called off.

In the Presbyterian church on next Tuesday night at 8 o'clock meeting will be held for men only with reference to the Christian Men's Brotherhood Federation of Canada. The speaker will be the Rev. L. W. Williamson of Toronto. All men are invited.

We note by the Rex Theater ad at the front page that they will be announcing dates for the "Auction of Souls," also Mary Pickford in "Daddy Longlegs." These pictures have been well boosted throughout Canada and the United States and proved a great success, and therefore it should not be necessary to say any more about them.

Canada and the United States

In these days of almost universal unrest, words of advice and warning are so frequently uttered and written that there is grave danger of the public ear becoming dulled, and the elfish repeating itself, and the cry of "wolf, wolf" so often sounded being disregarded when actual danger is imminent.

Nevertheless, at the risk of but adding to the alarm given, the writer of this column ventures to declare without equivocation of any kind that danger is threatening Canada, the British Empire, the United States, and through these great English-speaking nations, is threatening the world.

A deliberate propaganda is being engineered throughout the English-speaking world, but more especially in the United States, to create and develop a feeling of antagonism, of suspicion, of hate, between the people of the United States and the people of the British Empire, and because Canada is British, and the great door neighbor of the United States, no stone is being left unturned to arouse an anti-American sentiment among people in this Dominion.

Traced to its source, this propaganda is the work of a few unscrupulous German sympathizers. Make no mistake about it. And the writer would say, as a writer in *McClure's* magazine said recently: "Canadians, don't fall for it." Ignominiously defeated in the Great War, all her colonies lost to her, and with loss of territory in Europe, her shipping in the hands of her former enemies, her world trade destroyed, her money at a ruinous discount throughout the world, beset with an enormous debt, and with discontent and rebellion seething at home, Germany is striving, almost with desperation, to retrieve in place what she lost in war. Unless she can do so, unless she can gain a new footing in world trade and commerce, Germany's position is hopeless for generations to come.

How is she to do this? She begins all that she has lost? She starts but one sure, certain and fairly swift method, and that is to drive a wedge of suspicion and hate between the British Empire and the United States. Accomplish this, and the way is open for Germany to regain her position as a power in the world.

In the United States, the game is being played for Germany by the politicians of the ward type catering for the German-American and the Irish-American vote. The game is being played by the Hearst newspapers. It is being played by the Sinn Féiners, both in the United States and Ireland.

In turn, the anti-British outbursts fomented by these classes in the United States are used in Canada and England, but especially in Canada, to arouse a feeling of hostility in this country towards America.

Full use is made of the discount on English and Canadian money. Retaliatory action is urged against Russia and other American industries. A policy of nagging and pin-pricking is being encouraged on both sides of the international boundary, not for the advantage of Canada or the advantage of the United States, but in order to know when to grasp an opportunity.

benefit Germany, the enemy of both. With a firm friendship cemented between Great Britain and the United States, it would, in the final analysis, matter little whether the League of Nations became a permanent institution or not, because united they can maintain the peace of the world, divided and suspicious of one another, no League of Nations could be effective.

Upon Canada develops an enormous responsibility. A former member of the Lloyd George Government said to the writer that great as had been Canada's contribution to victory in the war and glorious as was the position this Dominion had won for itself among the nations, its recent achievements and glory were small indeed compared with the opportunity for world service now thrust upon it. Canada said, was in fact, the hostage for the future peace of the world. Situated in this country, a loyal and proud British Dominion, alongside the great English-speaking republic, its people had in their power to bring about a truly significant settlement between the United States and the British Empire which alone could make permanent world peace possible. On other hand, Canadians had it equally in their power, by unwise and ill-considered action and the development of an anti-American sentiment to do irreparable injury to a concord between the Empire and the Republic.

Causes should be on the guard. They should not be led astray by the political scheming, and the pro-German propaganda, across the line. This twisting of the Lion's tail does not meet with the approval of the sound commonsense of the American people. It is the work of a noisy minority. Canadians can afford to treat it with contempt. Don't take it seriously! Don't retaliate in kind. Just laugh at it, and keep on striving to create an eternal friendship between the two great branches of the English-speaking family.

France to Purchase Ships From Britain

England is Willing to Negotiate the Sale of Ships

Mr. Bignon, French Undersecretary for the Maritime Marine, announces that he expects important and speedy results from his visit to London and his conversations with British ministers respecting ships and coal.

The attitude of the British authorities was sympathetic and conciliatory, and they expressed surprise at the charge that England is retaining more tonnage than she is justly entitled to by the expense of France.

Mr. Bignon points out that France cannot expect to receive a present of a fleet, but England is willing to negotiate the sale of ships. She had to consider her own position as a sea power, and according to Mr. Bignon France has reason to be gratified for her concessions.

HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers if your children do not sleep well, if they are cross and cry a great deal give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthy sleep. They are absolutely guaranteed free from opiates and may be given to new-born babies with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brooklyn, N.Y.

A Fitting Response

Great Britain Claims Nothing More In Ireland Than The United States Did In The South

When Mr. Lloyd George said in the House of Commons that De Valera is putting forward in this country "the same claim in exactly the same language as Jefferson Davis did" and that Great Britain "claims nothing more in Ireland than the United States did in the South" and will stand for nothing less," he made a proper response to the Senator's recent incoherence resolution in favor of the Sinn Féiners. It has never been difficult to put Congress on record in support of the schemes of insurrection, secession and independence on the part of other peoples, but for some reason or another such doctrines as applied to ourselves are always passionately resented. — New York World.

United States Imports From Alberta Increase

Value of Cattle Exported Amounted To Over Three Million Dollars For 1919

According to the report issued by the United States Consul at Calgary, S. C. Reat, the exports from the province of Alberta to this country for 1919 show a large increase of approximately \$7,000,000 over the total declared exports for the previous year.

The total declared exports from the province for 1919 was valued at \$17,385,332, as compared with the total exports for 1918, valued at \$10,032,367. Of this total for 1919, \$10,994,887 was involved through the Calgary office; \$4,095,324 through the consular agency at Edmonton and \$1,695,621 through the consular agency at Lethbridge.

Cattle headed the list in the Calgary office with a value of \$3,633,311 in 1918. Hides came next with a value of \$677,919, being an increase of 100 per cent. over the previous year. In meat and meat products, there was a decrease of \$1,147,069. The export of wool shows a marked increase— from 12,361 pounds, valued at \$26,536 in 1918, to 24,825 pounds, valued at 142,594, in 1919.

Since December 15, 1919, when the embargo in the United States on wheat was lifted, 143,343 bushels, valued at \$339,248 have been exported up to January 1, 1920. Oats show a decrease in quantity and value amounting to only \$317,078. Butter shows an increase of over \$100,000, the total value of the export in 1919 being \$129,121.

The principal article exported from Edmonton was raw furs, valued at \$1,423,996, an increase of \$24,169 over 1918. Ranking next in importance was the export of meat, valued at \$1,176,625. In 1918 the value of meat exported from Edmonton amounted to \$616,695. The value of cattle exported amounted to \$481,427, which in 1918 amounted to \$147,796.

British Columbia to Change Road Rules

Act to Change Rule of the Road Is Introduced in Legislature

Legislation to amend the highway act to the extent of changing the rule of the road in British Columbia has been introduced in the Legislature by the government. At present the practice is to drive by the left. Under the new legislation the greater portion of the province would adopt the new rule in July next, but Vancouver Island and those sections of the mainland served by the British Columbia Electric Railway Company would be given until December 31, 1921, to effect the change. The reason for this is that the railway company will have extensive alterations to make in its track and cars, involving, according to its own officials, an expenditure of from \$700,000 to \$1,000,000. This money will eventually come out of the public, either through increased street car fares or else by taxation if the government chooses to pay the bill.

The change in the rule of the road is to be effected on the ground that the right hand drive prevails practically throughout the North American continent. Tourists from the United States and other parts of Canada coming to British Columbia have in the past experienced difficulties because of the left hand drive in this province.

Salmon Ship Sails For the Far North

Must Take Entire Season's Supply Of Food As Well As Clothing

For Workers

San Francisco, California. — The Star of Russia is the first ship of the Alaska Packers to sail this spring for the far north. Each cannery of that company is supplied by one of the famous 18 "star" ships, which each carry the last of the old square-rigged vessels so common in the Pacific. The ship must take an entire season's supply of food, camp and machinery, as well as clothes for the workers, as most of the canneries of the Alaska Packers are too far away from any dependable source of supply to replenish their stores during the busy fish "run." At the cannery the ship becomes a combination of warehouse and store at which the cannery workers and native Indians supply their needs for the entire year. At the end of the season, the season's rack is loaded aboard and the ship again sets sail for the Golden Gate.

Germans Prepare To Defeat More Red Intrigues

Berlin.—The government has succeeded in placing under arrest Major General Baron Von Luttwitz, commander of the rebel forces in the Ruhr, report, the semi-official Wolff Bureau announces.

Paris.—The German government has decided to place guards around the government and other public buildings and has sent for 15 large tanks and 20 armored cars, because of rumors of a new attempt to overthrow the government for the purpose of forming an alliance with Soviet Russia to declare war on France, according to advices from Berlin.

The Social-Democrats have issued an appeal, the advices add, calling upon adherents to register for defence of the republic against internal enemies, arms in hand.

Berlin.—Reports of continual reactionary intrigues are attracting great attention in the Berlin press.

The Tagblatt publishes an interview with Lord Kilmarock, British ambassador in Berlin, in which the latter is reported to have said:

"I am convinced that a new military attempt would provoke the greatest indignation in England, and the British government would repudiate it decisively. Every change Germany has of obtaining help by way of food, raw materials and credit would be repudiated by any acts of violence."

Peace Restored in Vladivostok

Tokio Announces Agreement Signed With Revolutionary Provisional Government

Tokio.—The war office announces that the provisional government of Vladivostok has signed an agreement accepting most of Japan's terms.

A war office communication says peace has virtually been restored in Vladivostok and that there were no casualties among the civilian residents. It adds that several minor engagements in neighboring towns were still stubbornly contested, but that all of them resulted in disarmament of the revolutionaries.

A semi-official communication says General Semenov's troops are sweeping out the Bolsheviks in the region directly south of Chita.

Magazines May Be Suspended

New York.—Publishers of several periodicals of national circulation have decided to combine two issues in one in order to reduce the number of pages in each, because of paper shortage due to the railroad strike. It was announced. It was also announced that the leading magazines may have to suspend publication temporarily if conditions do not improve.

Denikine Will go to England

London.—The war office has announced that General Denikine, former anti-Bolshevik leader in southern Russia, who had previously been reported as leaving Constantinople for Malta, will instead proceed to England.

Strikers' Release Entirely Challenged By Policy of Ireland

London.—The release of the Irish prisoners was by direct order of General Sir Neville MacCreedy, and marks the beginning of an entire change in the Irish policy, according to a prominently displayed statement in the Daily Mail.

When it became clear some time ago, says the paper, that the policy of repression was leading to dissensions, the premier decided to change the policy, and, if necessary, get rid of men associated with the regime. He suddenly and without warning told J. J. McPherson, chief secretary for Ireland, that he was to be moved to the peninsular ministry, and appointed General MacCreedy in command of the troops without consulting the Irish office. General MacCreedy, adds the Mail, was instructed to inaugurate a new policy of conciliation and was given a free hand. In other words, says the paper, he was to ignore the existing leads of the government in Ireland.

When General MacCreedy arrived in Dublin, he ordered the release of the

Charges Against Winnipeg Janitor

Offered to Let Apartment to Highest Bidder On A Bonus For Himself

Winnipeg.—Detective Inspector Smith, of the city police force, has sworn out information against C. Smith, janitor of the Bartella apartments, Home Street, as follows:

"Being an agent for apartment blocks known in the Bartella apartments situated on Home Street, in the city of Winnipeg, did corruptly agree to accept, or attempt to obtain from other persons for himself, a gift or consideration for showing a favor to such persons in relation to his principal affairs of business—to wit, the letting or sub-letting of apartments in said apartment block."

The outcome of this prosecution which is possibly the first of its kind in the city, will be watched with interest by numerous anxious home-sitters.

He had offered to let an apartment to the highest bidder on a bonus to himself.

Land for Irish Soldiers

Who Volunteered For Service At The Front In 1918

Dublin.—Government officials are negotiating for 1,000 acres of land which will be apportioned among Irishmen who volunteered for service at the front in 1918. The Minister for Lands, Mr. James MacDonnell, announced that the government had agreed to pass a bill carrying the land-lord's promise into effect. To the present, however, only 71 men who took advantage of the offer, have been provided with homes.

The only land that can be taken under the bill is that which is not subject to tenancies and it may be taken from landlords under compulsion. The government has failed in its policy of relieving congestion by distributing of land among small tenants, and these men are beginning to distrust apprehension lest their claims be postponed, preference being given those soldiers. Four thousand applications for holdings have been filed and nearly 30,000 soldiers have asked for cottages.

Protest Against Transfer

Kington, Ont.—The Kingston branch of the Army and Navy Veterans has passed a resolution protesting against the transferring of guards from the Edmonton to the Port of Montreal, which is being closed up, to the Portsmouth penitentiary here.

Civil Service Drains

Ottawa.—Sir Henry Dugan, minister of finance, tabled in the house a supplementary estimate of \$12,300,000 required to carry on during the financial year 1920-1921.

Was Gun Sold to Germany

Ottawa.—Did Daniel D. Hennick, living in Logan, Ont., sell a machine gun to the Canadian government gun patents of his own invention, and on no action being taken, did he sell the gun to the Imperial German government, is the information sought in a question before the house from A. L. Dugan, minister of finance, who asked the question.

It also asks if Hennick is about to return to his home in Canada, after having spent the past eight years in Germany.

Quebec Wants More Revenue

Quebec.—In an effort to secure more revenue to foot the city's growing expenditures, the Quebec city council is considering various plans of taxation. It is proposed to levy a 15 cent tax on all business enterprises and also to pad the property valuation so as to raise by a couple of millions the revenues of the administration.

Regina, Sask.—A survey of Saskatchewan by the provincial government at the request of the National Institute for the Blind reveals that there are thirty blind persons in Saskatchewan.

Raid on Dublin

Many People Have Been Arrested in Connection With Murder of Kells

Dublin.—The labor executive has removed the embargo paid on bacon, butter and live pigs. It is the policy of the executive to stop the exportation of foodstuffs and pigs and urges the cessation of butter shipments until the price falls to three shillings per pound.

Monaghan and Lonsdale were the only Irish counties where an abandoned barracks was not burned Easter Sunday.

Bavaria Predicts

War With France

And For That Reason Germany Should Remain Solid

Genoa.—The Munich Post, a socialist organ, has created a sensation in Bavaria by publishing the report of a secret meeting of the National Party, which was attended by most of the military officers. The meeting was presided over by Von Scheer, president of the Patriotic League. The principle questions discussed related to the division of Germany into two parts and the proposed overtures to be made to France to get in an attack upon Prussia.

Nominate Convicted Leaders

Labour Party Decided In Favor Of Men Who Figured In Sedition Charges

Winnipeg.—Announcing the nominations for the federal election, the Winnipeg branch of the Dominion Labour Party, at a meeting in the Labor Temple, decided in favor of the ten men who had figured in the sedition charges being nominated for the Winnipeg seats at the provincial elections in July.

These men are R. B. Russell, Rev. Wm. Evans, Ald. John Queen, W. A. Pritchard, R. J. Johns, George Armstrong, J. J. MacPherson, J. J. MacPherson, John Farnell, who was imprisoned for sedition charges; A. J. Dugan, M.L.A., who was charged with sedition; and J. S. Woodworth, who is facing a similar charge.

It was decided that he will be the nominees of the Labor Party, however, as it was decided to confer with other working class organizations, such as the Socialist party, the Social Democratic party, and the Ex-soldiers' and Ex-sailors' party, with a view to these organizations naming their own primary candidates. The Labor party will confine its nominees to those of the men who are members of the party, Irene Woodworth and Dixon.

Regina, Sask.—A survey of Saskatchewan by the provincial government at the request of the National Institute for the Blind reveals that there are thirty blind persons in Saskatchewan.

Strikers Are Released For Treatment

Prisoners Say That Their Worst Hardship Was Uncomfortable Beds

Dublin.—It was officially announced that it is not intended to release all of the hunger strikers in Mountjoy prison unconditionally, but that an order has been issued that those requiring medical treatment outside the prison will be released on parole for periods to be specified in the case of each individual by the prison doctor.

After only four of the prisoners had been removed from Mountjoy prison, the government intervened with the conditions pertaining to the incarceration of the hunger strikers after hospital treatment.

The prisoners refused the new terms. When a complete list of those there would be refusal of further departure from the prison by the hunger strikers, the lord mayor again visited the viceregal lodge, with a view to having the order rescinded.

The lord mayor stated on his return that the prisoners would be released unconditionally.

May Break Relations

Russian Soviet and Poland Unable To Reach Agreement

Warsaw.—In rejecting further discussions regarding Brestov, on the bordering river northeast of Minsk, as the place for the proposed peace negotiations of Poland and Russia, the Polish government has sent a wireless message saying it consists the last note of the Poles in the nature of an ultimatum.

We are now standing face to face with the possibility of breaking with Poland owing to the failure to agree upon the locality," the message says.

It reiterates that the Bolsheviks are ready to accept any neutral town and suggests the possibility of holding a peace conference in London. The message concludes by saying that Russia's only alternative has been to address England, America and France.

Orange Delegation Presented Petition To Nova Scotia Council

Halifax.—A delegation from the Grand Orange Lodge appeared before the council of public instruction and presented a petition pointing out that the French language had no official status in Nova Scotia and asking that it be absolutely eliminated, either as a medium of study or instruction in primary grades.

The delegation also expressed its disapproval of the present separate school system.

The council replied that the matter will be considered.

Russian First to Open Fire

Washington.—An official statement by the Japanese war office on recent events at Vladivostok arrived from the Japanese army and navy. It stated that the Japanese embassy, who says the Japanese decision to disarm the Russian army and navy, was a Russian move reached only after the Russians had opened fire on Japanese sentries and patrols, and attacked the Japanese marine supply train.

Lisbon.—Twenty-nine persons were wounded when three bombs were thrown into a crowd during a demonstration here in a protest against the high cost of food.

Bonar Law Says No Change In Irish Policy

Suggests United States Try Canadian Plan

Of Having An Investigation Before A Strike Is Permitted

Boston.—In a speech delivered at a luncheon here, Major-General Wood dealt with the strike situation. Referring to the Canadian plan of "having an investigation before a strike is permitted," he said: "In this way, Canada has been able to avoid the strike."

We have not built up any public opinion here. We do not get the strike coal strike. The coal strike in Kansas, for instance, was a strike for longer working hours. The men were allowed to work only eighteen hours a week because there were no cars to move the coal and no place to store the coal, and they could not do so on the night hour's work."

That happens to have been the inside fact in that strike, yet nobody knew anything about it. The steel strike was something quite different and so with the coal strike in West Virginia. In this country, to have a sound public opinion here. Public opinion rules in this country."
